## The Ashland Independent.

G. F. Friel, of the Ashland Independent, was here Monday getting business for his excellent paper. He went on to Prestonsburg that evening to place the Independent in the hands of that little city. As the railroad extension makes its way into new towns, the first train carries this enterprising publisher, and he never fails to get large lists of subscribers wherever he goes. Ashland has no enterprise of which she has cause to boast more than of the Independent. It is doing more to attract attention to Ashland and take people there than everything else.

The paper and its plant are "ahead of the town." By this we mean that they are much better than cities the size of Ashland usually have. In fact, there is scarcely another city in the country of that size having so good an institution. The progressive publishers deserve the hearty support of all Ashland people for the courage shown in putting their earnings back into the business as fast as they got them in order to build for the future one of the most important enterprises a city can have.

The new press recently installed at large cost is a long step forward and puts the Independent in position to head the procession for Ashland in her march of progress until the population shall have passed the 50,000 mark. All the other equipment is in keeping with the press. We admire the courage of the publishers and wish them all the success they so richly deserve.

## New C. & O. Schedule.

On the 12th inst., a new time card went into effect on the entire C. & O. system. Nos. 5 and 8, the World's Fair train, have been taken off, but there seems to be but little change outside of this. No. 2, east-bound passenger, leaves Catlettsburg ten minutes later in the afternoon, allowing passengers on the afternoon Big Sandy train who want to go east 15 minutes in which to make connection. The train which formerly left Louisa at 7:05 a. m. now leaves seven minutes earlier, the only change made which effects Louisa. The entirely new condition of things on the extension is noticed elsewhere.

The Louisa Gossip Society and their husbands were delightfully entertained last week in honor of Mr. and Mrs. N. B. McKinnon, of East Liverpool, Ohio, Thursday evening by Mrs. R. L. Vinson and Friday by Mrs. D. J. Burchett, Jr. Fitch and other guests were played and delicious refreshments were served. Both evenings were very much enjoyed. Those present were: Mr. and Mrs. N. B. McKinnon, Mr. and Mrs. J. G. Burns, Mr. and Mrs. J. L. Carey, Mr. and Mrs. R. L. Vinson, Mr. and Mrs. D. A. Bickel, Mr. and Mrs. H. A. Schober, Mr. and Mrs. D. J. Burchett, Jr., and Miss Ethel O'Brien.

Under rules 27, 28, and 29, adopted by the Democratic State Convention, held in the City of Louisville, on June 8, 1904, it is made the duty of all Democrats in Lawrence county to assemble at their respective polling precincts on Monday, November 21, 1904, at the hour of one o'clock (standard time) and proceed then and there to the election of a precinct committee. On Nov. 28, 1904, the precinct committees thus elected are required to meet at Louisa, Ky., and elect a county chairman and secretary. A. O. CARTER, Chairman of the County Executive Committee.

A special train carrying officials passed over the new line of the N. & W. last Monday from Naugatuck to Kenova. It is reported that freight trains will begin using this track about the 20th inst., and that passenger service will commence about the 1st. The work of ballasting has been pushed with all possible haste. It is a fine piece of work.

The Woman's Missionary Society will meet Tuesday, Nov. 22, at 3 p. m., with Mrs. F. T. D. Wallace, it being the week of prayer and thanksgiving for the missionary work. A cordial invitation is extended to all. Mrs. R. C. Sullivan, Pres. Mrs. F. T. D. Wallace, Sec.

The old grocery building in the rear of the Brunswick Hotel is being torn away to make room for the proposed extensive improvements to that house of entertainment. If the change contemplated is carried out it will greatly to the capacity of that hotel and to its means for providing for the comfort of its guests.

One day last week Dave Hughes and Charley Adkins became involved in a difficulty on Morgan's creek. During the mix up Hughes received a couple of knife wounds, one on the neck and one on the head which necessitated his coming to Louisa for repairs.

A system of sewerage naturally follows a water works system, and ours is now underway. A big force of men is at work following the line of the water mains and ending at the river near J. Q. Lackey's, which will be the place of outfall for the sewerage.

The W. C. T. U. will meet Friday at 3 p. m., with Mrs. C. L. Miller on Perry street. All the ladies are cordially invited to be present.

Mrs. Josephine Ripe, Pres. Mrs. C. C. Hill, Sec.

Mrs. Wellman is putting water service into his barber shop and making other improvements. For prompt and first class work call on him.

## N. & W. Trains.

The two forces working east and west, respectively, met on the Tug River section of the N. & W. Monday, Nov. 14, and connection was made, thus completing the work of laying the rails from Naugatuck to Naugatuck, the first month of the project of the railroad. The distance is 59 miles and the road is said to be as solidly constructed as it is possible to make it. In the first 17 miles west of Naugatuck there are seven tunnels, some of which are quite long; notably the one through Bull Mountain. The depot at Caswell is located about two squares below the center of town. Between Caswell and Kenova there are only three regular stations. These are built and completed and are named Hulet, near the lower end of the old Harmon Lost farm; Pritchard, near James Pritchard's store; and Payne, about a mile below the mouth of Savage Branch. We presume there will be the usual number of flag stations. It is said that the entire traffic of the road will be put on this part by the 10th of next month, at which time the passenger service is to begin. Freight trains are expected to use the line before that time.

## As To "Bossy."

As was predicted and was naturally expected the passage of the ordinance forbidding cows to run at large has called forth a chorus of howls and caused a multitude of kicks. So did the passage of a law which is presumed to keep piglets in their pens. The hog law was passed and repealed probably a dozen times. Trustees were defeated and elected, their defeat and their election depending on how they acted on the hog question. Finally an ordinance forbidding their running at large stuck, and now very small indeed is the number of people who would see our streets alive with hogs. And yet, the hog is by great odds the lesser evil of the two. He is a scavenger, and to this extent useful. "Bossy" is all right in barn and pasture. On the streets she is an unmitigated nuisance. She is destructive to fences and trees, she makes herself a terror, and for making pavements unightly she has no equal. It is to be hoped that this and all future Councils will keep this ordinance on the books and that the officers will see that its provisions are strictly enforced.

## Shannon-Vinson.

Jay A. Vinson and Miss Gipsy Shannon were married Wednesday evening at the home of the bride's father, Wm. Shannon, at Irad, this county. After a few weeks here they will go to Dakota, where Mr. Vinson was fortunate enough to secure one of the best claims in the Rosebud reservation. He is also associated with a law firm at that place and has good prospects. He is the second son of Judge R. F. Vinson and is a bright young man. Mr. Vinson is well pleased with his new home in Dakota and will doubtless succeed there. The bride is known as one of the prettiest young ladies in the county, and is worthy in every way. Only a few guests were present at the wedding. The NEWS joins with all the friends of the couple in wishing them a goodly share of the best things of life.

## Watchmaker and Optician.

## From Paintsville to Prestonsburg.

This latest extension of the Big Sandy division of the C. & O. Ry. was opened to traffic last Monday, with passenger train No. 36, Conductor Moyers and Engineer Senger conducting and "pulling." Several of our citizens went up from this place, a representative of the NEWS being in the party. He came back on the afternoon train, thus being probably the first Louisa to go to Prestonsburg and back the same day. The train left Paintsville at 10:30 and arrived at Prestonsburg at 11:05. Returning it left Prestonsburg at 11:55 and reached Louisa at 2:15. This is regular schedule time and will be used several months. The distance from Paintsville to Prestonsburg is 14 miles, thus making the distance from Louisa to the present terminus of the road 49 and seventenths miles. The morning train from Prestonsburg leaves at 4:45, a bit early, but early rising is said to be conducive to good health. The newly opened road is in excellent condition, has easy curves, low grades and a splendid bed. The depot is at the mouth of Middle creek, about a quarter of a mile below town, and is a well built structure. The iron is laid to a point two miles above town, and is being put down at the rate of about two miles a week. Between Paintsville and Prestonsburg there are three stations, Stafford, East Point and Auxler. Stafford is better known by its brimstone-suggesting name of Hell Gate. Auxler is opposite the mouth of John's creek.

## M. V. Graham Dead.

News was received here last Friday that M. V. Graham, a native of Lawrence county and former resident of Louisa, was dead and that his body would arrive the next day. Sunday morning the remains arrived, accompanied by his son John, his daughter Mrs. Galbraith, his son-in-law and Mr. and Mrs. Hiram Bloss, of Huntington. The funeral party was met at the depot by Undertaker Snyder and several friends. Shortly afterwards the burial occurred at Pine Hill cemetery where, many years ago, Mrs. Graham was interred. A large number of Mr. Graham's old friends attended the funeral. Mr. Graham died in Indianapolis from the effects of a paralytic affection from which he had suffered several years. Mr. Graham was formerly Sheriff of this county and was in turn proprietor of the old St. Lawrence and Chatterbox hotels. He was a good officer and a very popular man and good citizen. Four children survive him: Mrs. Mollie Galbraith, a widow, of Seymour, Indiana; Mrs. Miller, of the same place; John, of Hot Springs, Ark., and Miss Emma, who is now in St. Louis.

## CHAMBERLAIN'S COUGH REMEDY IS PLEASANT TO TAKE.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolsville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by A. M. Hughes."

A flinch club has been organized and will meet Wednesday afternoons. The members are Mrs. G. R. Vinson, Mrs. Nannie Hays, Mrs. R. H. Ragland, Mrs. W. E. Houston, Mrs. J. D. Biggs, Mrs. S. J. Justice, Mrs. Robt. Burchett and Mrs. T. H. Roberts. They were delightfully entertained on Tuesday afternoon of this week by Mrs. Nannie Hays at her home on upper Franklin street.

The largest church social of the season will take place this (Friday) evening at the residence of Mr. and Mrs. W. F. Shipman. A long list of good things to eat will be served. Orators, coffee, ice cream, sherbet and cake will be on the menu. Do not fail to visit this hospitable home to-night. You will enjoy it. Proceeds go to paying for repairs on the South Methodist church building.

W. G. Craig and Miss Anna Green were married at the home of the bride in Louisville last Wednesday. Mr. Craig is well known in Louisa, having been once employed as general manager for Langhorne and Langhorne, contractors on the O. & B. S. division of the C. & O., and was for several months located at this place.
